**INDEPENDENT AUDITORS' REPORT
TO: MEMBERS OF BALASORE METALS PTE. LTD.
(REGISTRATION NO. 201134074Z)**

Report on the Financial Statements

We have audited the accompanying financial statements of the Company, which comprise the statement of financial position as at 31st March 2016 and statement of comprehensive income, statement of changes in equity and cash flow statement for the financial year then ended, and a summary of significant accounting policies and other explanatory notes as set out on page 4 to 36.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Singapore Companies Act Cap 50 (the "Act") and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorized use or disposition; and transactions are properly authorized and that they are recorded as necessary to permit the preparation of true and fair statement of comprehensive income accounts and statement of financial positions and to maintain accountability of assets.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion:-

the financial statements are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Company as at 31st March 2016 and the results, changes in equity and cash flows of the Company for the financial year ended on that date;

INDEPENDENT AUDITORS' REPORT (Cont'd)

Report on other legal and regulatory requirements

In our opinion the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Emphasis of Matter

We refer to Note 2.20 in the notes to the financial statement. The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. The Company incurred a net loss of US\$9,835/- (2015: US\$ 7,151/-) in the financial year and as on statement of financial position date, the Company's total liabilities exceeded its total assets by US\$39,682/- (2015: US\$29,847/-).

If the financial support is not forthcoming and as a result, the Company is unable to continue in operational existence for the foreseeable future, adjustments would have to be made to reflect the situation that the assets may need to be realized other than in the normal course of business and at amounts which could differ significantly from the amounts stated in the statement of financial position. In addition, the Company may have to provide for future liabilities which may arise.

BALASORE METALS PTE. LTD.

(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

1. GENERAL

BALASORE METALS PTE. LTD. (Reg.No: 201134074Z) is a Company incorporated in Singapore with its registered office at 7500A Beach road, #08-313 The Plaza, Singapore - 199591. The principal place of doing business is situated at 7500A Beach Road, #07-312 The Plaza, Singapore – 199591.

The principal activities of the Company are relating to the wholesale of metals and metal ores such as steel trading, trading in ferro alloys materials. There have been no significant changes in the nature of these activities during the financial year. The immediate and ultimate holding company of the Company is Balasore Alloys Limited a company incorporated in Republic of India.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation

These financial statements have been prepared in accordance with Singapore Financial Reporting Standards (“FRS”) under the historical cost convention, except as disclosed in the accounting policies below.

The preparation of financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Company’s accounting policies. It also requires the use of certain critical accounting estimates and assumptions. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in accounting policies and notes.

Interpretations and amendments to published standards effective in 2015

On 1 April 2015, the Company adopted the new or amended FRS and Interpretations of FRS (“INT FRS”) that are mandatory for application for the financial year. Changes to the Company’s accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS.

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Company and had no material effect on the amounts reported for the current or prior financial years.

The following are the new or amended standards and interpretations effective for annual periods beginning on or after 1 July 2014

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation (cont'd)

- Amendments to FRS 19 (R) Employee Benefits (Defined benefit plans: Employee Contributions)
- FRS 102 Share-Based Payment (Definition of vesting condition)
- FRS 103 Business Combinations (Accounting for contingent consideration in a business combination)
- FRS 16 Property, Plant and Equipment and FRS 38 Intangible assets (Revaluation method - proportionate restatement of accumulated depreciation)
- FRS 24 Related Party Disclosures (Key management personnel)
- FRS 103 Business Combinations (Scope exceptions for joint ventures)
- FRS 113 Fair Value Measurement (Scope of portfolio exception)
- FRS 40 Investment property (Clarifying interrelationship between FRS 103 and FRS 40 when classifying property as investment property or owner-occupied property)

2.2 Revenue recognition

Sales comprise the fair value of the consideration received or receivable for the sale of goods and rendering of services in the ordinary course of the Company's activities. Sales are presented, net of goods and services tax, rebates and discounts.

The Company assesses its role as an agent or principal for each transaction and in an agency arrangement the amounts collected on behalf of the principal are excluded from revenue. The Company recognises revenue when the amount of revenue and related cost can be reliably measured, it is probable that the collectability of the related receivables is reasonably assured and when the specific criteria for each of the Company's activities are met as follows:

BALASORE METALS PTE. LTD.

(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.2 Revenue recognition (cont'd)

(a) Sale of goods

Revenue from these sales is recognized when the Company has delivered the goods to locations specified by its customers and the customers have accepted the goods in accordance with the sales contract.

These goods are sold to certain customers with volume discount and the customers also have the right to return faulty goods. Revenue from these sales is recorded based on the contracted price less the estimated volume discount and returns at the time of sale. Past experience and projections are used to estimate the anticipated volume of sales and returns.

(b) Interest income

Interest income, including income arising from finance leases and other financial instruments, is recognized using the effective interest method.

2.3 Government grants

Grants from the government are recognized as a receivable at their fair value when there is reasonable assurance that the grant will be received and the Company will comply with all the attached conditions.

Government grants receivable are recognized as income over the periods necessary to match them with the related costs which they are intended to compensate, on a systematic basis. Government grants relating to expenses are shown separately as other income.

Government grants relating to assets are deducted against the carrying amount of the assets.

2.4 Property, plant and equipment

(a) Measurement

(i) Plant and equipment

Plant and equipment are initially recognized at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.4 Property, plant and equipment (continued)

(a) Measurement (cont'd)

(ii) Component of costs

The cost of an item of plant and equipment initially recognized includes its purchase price and any cost that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Cost also includes borrowing costs that are directly attributable to the acquisition

(b) Depreciation

Depreciation of plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives.

The residual values, estimated useful lives and depreciation method of property, plant and equipment are reviewed, and adjusted as appropriate, at each statement of financial position date. The effects of any revision are recognised in profit or loss when the changes arise.

(c) Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other repair and maintenance expenses are recognised in profit or loss when incurred.

(d) Disposal

On disposal of an item of property, plant and equipment, the difference between the disposal proceeds and its carrying amount is recognized in profit or loss within "Other gains/losses – net". Any amount in revaluation reserve relating to that item is transferred to retained profits directly.

BALASORE METALS PTE. LTD.

(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Financial assets

(a) Classification

The Company classifies its financial assets in the following categories: at fair value through profit or loss, loans and receivables, held-to-maturity and available-for sale. The classification depends on the nature of the asset and the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition and in the case of assets classified as held-to maturity, re-evaluates this designation at each statement of financial position date.

(i) Financial assets at fair value through profit or loss

This category has two sub-categories: financial assets held for trading, and those designated at fair value through profit or loss at inception. A financial asset is classified as held for trading if it is acquired principally for the purpose of selling in the short term. Financial assets designated as at fair value through profit or loss at inception are those that are managed and their performances are evaluated on a fair value basis, in accordance with a documented Group investment strategy. Derivatives are also categorized as held for trading unless they are designated as hedges. Assets in this category are presented as current assets if they are either held for trading or are expected to be realized within 12 months after the statement of financial position date.

(ii) Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current assets, except for those expected to be realized later than 12 months after the statement of financial position date which are presented as non-current assets. Loans and receivables are presented as "other receivables" (Note 5) on the statement of financial position.

(iii) Held-to-maturity financial assets

Held-to-maturity financial assets are non-derivative financial assets with fixed or determinable payments and fixed maturities that the Company's management has the positive intention and ability to hold to maturity. If the Company were to sell other than an insignificant amount of held-to-maturity financial assets, the whole category would be tainted and reclassified as available-for-sale. They are presented as non-current assets, except for those maturing within 12 months after the statement of financial position date which are presented as current assets.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Financial assets (cont'd)

(a) Classification (cont'd)

(iv) Available-for-sale financial assets

Available-for-sale financial assets are non-derivatives that are either designated in this category or not classified in any of the other categories. They are presented as non-current assets unless the investment matures or management intends to dispose of the assets within 12 months after the statement of financial position date.

(b) Recognition & Derecognition

Regular way purchases and sales of financial assets are recognized on trade date – the date on which the Company commits to purchase or sell the asset.

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership. On disposal of a financial asset, the difference between the carrying amount and the sale proceeds is recognized in profit or loss. Any amount previously recognized in other comprehensive income relating to that asset is reclassified to profit or loss.

Trade receivables that are factored out to banks and other financial institutions with recourse to the Company are not derecognized until the recourse period has expired and the risks and rewards of the receivables have been fully transferred. The corresponding cash received from the financial institutions is recorded as borrowings.

(c) Initial measurement

Financial assets are initially recognized at fair value plus transaction costs except for financial assets at fair value through profit or loss, which are recognized at fair value. Transaction costs for financial assets at fair value through profit or loss are recognized immediately as expenses.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Financial assets (cont'd)

(d) Subsequent measurement

Available-for-sale financial assets and financial assets at fair value through profit or loss are subsequently carried at fair value. Loans and receivables and held to-maturity financial assets are subsequently carried at amortized cost using the effective interest method.

Changes in the fair values of financial assets at fair value through profit or loss including the effects of currency translation, interest and dividends, are recognized in profit or loss when the changes arise.

Interest and dividend income on available-for-sale financial assets are recognized separately in income. Changes in the fair values of available-for-sale debt securities (i.e. monetary items) denominated in foreign currencies are analyzed into currency translation differences on the amortized cost of the securities and other changes; the currency translation differences are recognized in profit or loss and the other changes are recognized in other comprehensive income and accumulated in the fair value reserve. Changes in the fair values of available-for-sale equity securities (i.e. non-monetary items) are recognized in other comprehensive income and accumulated in the fair value reserve, together with the related currency translation differences.

(e) Impairment

The Company assesses at each statement of financial position date whether there is objective evidence that a financial asset or a group of financial assets is impaired and recognizes an allowance for impairment when such evidence exists.

(i) Loans and receivables/Held-to-maturity financial assets

Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy and default or significant delay in payments are objective evidence that these financial assets are impaired.

The carrying amount of these assets is reduced through the use of an impairment allowance account which is calculated as the difference between the carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. When the asset becomes uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off are recognized against the same line item in profit or loss.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.5 Financial assets (cont'd)

(e) Impairment (cont'd)

(i) Loans and receivables/Held-to-maturity financial assets (cont'd)

impairment loss decreases and the related decrease can be objectively measured. The carrying amount of the asset previously impaired is increased to the extent that the new carrying amount does not exceed the amortized cost had no impairment been recognized in prior periods.

(ii) Available-for-sale financial assets

In addition to the objective evidence of impairment described in Note 2.5 e(i), a significant or prolonged decline in the fair value of an equity security below its cost is considered as an indicator that the available-for-sale financial asset is impaired.

If any evidence of impairment exists, the cumulative loss that was previously recognized in other comprehensive income is reclassified to profit or loss. The cumulative loss is measured as the difference between the acquisition cost (net of any principal repayments and amortization) and the current fair value, less any impairment loss previously recognized as an expense. The impairment losses recognized as an expense on equity securities are not reversed through profit or loss.

(f) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the statement of financial position when there is a legally enforceable right to offset and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

2.6 Financial liabilities

Financial liabilities include trade payables, other amounts payable and interest-bearing loans. Financial liabilities are recognized on the Statement of Financial Position when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. Financial liabilities are initially recognized at fair value of consideration received less directly attributable transaction costs and subsequently measured at amortized cost using the effective interest rate method.

BALASORE METALS PTE. LTD.

(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.6 Financial liabilities (cont'd)

Gains and losses are recognized in the income and expenditures statement when the liabilities are derecognized as well as through the amortization process. The liabilities are derecognized when the obligation under the liability is discharges or cancelled or expired.

2.7 Financial guarantees

Financial guarantees are initially recognized at their fair values plus transaction costs in the Company's statement of financial position.

Financial guarantees are subsequently amortized to profit or loss over the period of the subsidiaries' borrowings, unless it is probable that the Company will reimburse the banks for an amount higher than the unamortized amount. In this case, the financial guarantees shall be carried at the expected amount payable to the banks in the Company's statement of financial position.

2.8 Impairment of non- financial assets

The carrying amounts of the Company's assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognized in the income and expenditure statement if the carrying amount of an asset or its cash generating unit exceeds its revocable amount. A cash-generating unit is the smallest identifiable asset group that generates cash flows that largely are independent from other assets and groups.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to sell and its value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash-generating unit.

Impairment losses recognized in prior years are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the revocable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation, if no impairment loss has been recognized. Reversal of impairment loss is recorded in income and expenditure statement. After such a reversal, the depreciation charge is adjusted in future periods to allocate the asset's revised carrying amount, less any residual value, on a systematic basis over its remaining useful life.

BALASORE METALS PTE. LTD.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.9 Borrowings

Borrowings are presented as current liabilities unless the Company has an unconditional right to defer settlement for at least 12 months after the statement of financial position date, in which case they are presented as non-current liabilities.

(a) Borrowings

Borrowings are initially recognized at fair value (net of transaction costs) and subsequently carried at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption value is recognized in profit or loss over the period of the borrowings using the effective interest method.

(b) Redeemable preference shares

Preference shares which are mandatorily redeemable on a specific date are classified as liabilities. The dividends on these preference shares are recognized as finance expenses.

2.10 Leases

(a) *When the Company is the lessee:*

(i) Lessee – Finance leases

Leases where the Company assumes substantially all risks and rewards incidental to ownership of the leased assets are classified as finance leases. The leased assets and the corresponding lease liabilities (net of finance charges) under finance leases are recognized on the statement of financial position as plant and equipment and borrowings respectively, at the inception of the leases based on the lower of the fair value of the leased assets and the present value of the minimum lease payments.

Each lease payment is apportioned between the finance expense and the reduction of the outstanding lease liability. The finance expense is recognized in profit or loss on a basis that reflects a constant periodic rate of interest on the finance lease liability.

(ii) Lessee – Operating leases

Leases where substantially all risks and rewards incidental to ownership are retained by the lessors are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessors) are recognized in profit or loss on a straight-line basis over the period of the lease. Contingent rents are recognized as an expense in profit or loss when incurred.

BALASORE METALS PTE. LTD.

(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.10 Leases (Cont'd)

(b) When the Company is the lessor:

(i) Lessor – Finance leases

Leases where the Company has transferred substantially all risks and rewards incidental to ownership of the leased assets to the lessees, are classified as finance leases.

The leased asset is derecognized and the present value of the lease receivable (net of initial direct costs for negotiating and arranging the lease) is recognized on the statement of financial position and included in "trade and other receivables". The difference between the gross receivable and the present value of the lease receivable is recognized as unearned finance income.

Each lease payment received is applied against the gross investment in the finance lease receivable to reduce both the principal and the unearned finance income. The finance income is recognized in profit or loss on a basis that reflects a constant periodic rate of return on the net investment in the finance lease receivable.

Initial direct costs incurred by the Company in negotiating and arranging finance leases are added to finance lease receivables and recognized as an expense in profit or loss over the lease term on the same basis as the lease income.

(ii) Lessor – Operating leases

Leases of investment properties where the Company retains substantially all risks and rewards incidental to ownership are classified as operating leases. Rental income from operating leases (net of any incentives given to the lessees) is recognized in profit or loss on a straight-line basis over the lease term. Initial direct costs incurred by the Company in negotiating and arranging operating leases are added to the carrying amount of the leased assets and recognized as an expense in profit or loss over the lease term on the same basis as the lease income. Contingent rents are recognized as income in profit or loss when earned.

2.11 Income taxes

Income tax for the year comprises current and deferred tax. Income tax is recognized in the income and expenditure statement except to the extent that it related to its items recognized directly in equity, in which case it is recognized in equity.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the Statement of Financial Position date, and any adjustment to tax payable in respect of previous years.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.11 Income taxes (continued)

Deferred tax is recognized, using the Statement of Financial Position method, providing for all temporary differences at the Statement of Financial Position date between the tax bases of assets and liabilities and their carrying amount in the financial statements. Deferred tax is not recognized for the initial recognition of assets or liabilities that affect neither accounting nor taxable profit.

Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the tax rates and tax laws that have been enacted or substantively enacted by the Statement of Financial Position date.

A deferred tax asset is recognized to the extent that it is probable that future taxable profit will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at each Statement of Financial Position date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

2.12 Provisions

Provisions are recognised when the Company has a present obligation as a result of a past event, which is probable of resulting in a future outflow of economic benefits that can be measured reliably.

2.13 Employee Compensation

Employee benefits are recognized as an expense, unless the cost qualifies to be capitalized as an asset.

(a) Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Company pays fixed contributions into separate entities such as the Central Provident Fund on a mandatory, contractual or voluntary basis. The Company has no further payment obligations once the contributions have been paid.

(b) Termination benefits

Termination benefits are those benefits which are payable when employment is terminated before the normal retirement date, or whenever an employee accepts voluntary redundancy in exchange for these benefits. The Company recognizes termination benefits when it is demonstrably committed to either: terminating the employment of current employees according to a detailed formal plan without possibility of withdrawal; or providing termination benefits as a result of an offer made to encourage voluntary redundancy. Benefits falling due more than 12 months after statement of financial position date are discounted to present value

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.14 Currency Translation

(a) Functional and presentation currency

Items included in the financial statements of each entity in the Company are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in United States Dollars, which is the functional currency of the Company.

(b) Transactions and balances

Transactions in a currency other than the functional currency ("foreign currency") are translated into the functional currency using the exchange rates at the dates of the transactions. Currency translation differences resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the closing rates at the statement of financial position date are recognized in profit or loss.

However, currency translation differences arising from borrowings in foreign currencies and other currency instruments designated and qualifying as net investment hedges and net investment in foreign operations are recognized in other comprehensive income and accumulated in the currency translation reserve.

When a foreign operation is disposed of or any loan forming part of the net investment of the foreign operation is repaid, a proportionate share of the accumulated currency translation differences is reclassified to profit or loss, as part of the gain or loss on disposal.

Foreign exchange gains and losses that relate to borrowings are presented in the income statement within "finance expense". All other foreign exchange gains and losses impacting profit or loss are presented in the income statement within "other losses – net".

Non-monetary items measured at fair values in foreign currencies are translated using the exchange rates at the date when the fair values are determined.

2.15 Related Parties

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2.16 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, deposits with financial institutions which are subject to an insignificant risk of change in value, net of bank overdrafts. Bank overdrafts are presented as current borrowings on the statement of financial position.

2.17 Trade and other receivables

Trade receivables and other receivables are classified and accounted for as loans and receivables under *FRS 39 Financial Instruments: Recognition and Measurement (FRS 39)*. They are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less allowance for impairment. An allowance for impairment of trade and other receivables is established when there is evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables. The amount of the allowance is recognized in the income and expenditure statement.

2.18 Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). Otherwise, they are presented as non-current liabilities.

Trade and other payables are initially recognized at fair value, and subsequently carried at amortized cost using the effective interest method.

2.19 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issuance of new equity instruments are taken to equity as a deduction, net of tax, from the proceeds.

2.20 Going concern

The financial statements have been prepared on a going concern basis based on the holding company's commitment to provide continued financial support for the Company's operations and in order to enable the Company to meet its financial obligations as and when they arise and fall due.

	-	-
	<hr/>	<hr/>

16. FINANCIAL INSTRUMENTS AND FAIR VALUES

(a) Financial risk management objectives and policies

Risk management is integral to the whole business of the Company. The Company has a system of controls in place to create an acceptable balance between the cost of risk occurring and the cost of managing the risks. The management continuously monitors the Company's risk management process to ensure that an appropriate balance between risk and control is achieved.

(b) Credit risk

Financial asset that are potentially subject to concentration of credit risk and failures by counterparties to discharge their obligation consist principally of cash, cash equivalents and trade and other accounts receivable. Credit risk on cash balances and derivative financial instruments is limited because the counter parties are banks with high credit ratings. The exposure to credit risk is controlled by setting limits on the exposure to individual customers and these are disseminated to the relevant persons concerned and compliance is monitored by management. As part of the process of setting customer credit limits, different external credit reference are used, according to the country of the customer.

The average credit period generally granted to non-related party trade receivable customers is about 30-90 days. The table below illustrates the financial assets aging analysis:

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

16. FINANCIAL INSTRUMENTS AND FAIR VALUES (CONT'D....)

(c) Interest rate risk

The interest rate risk exposure is mainly on financial liabilities and financial assets. These financial instruments are both at fixed rate and floating rates. The following table analyses the breakdown of the financial assets and liabilities (excluding derivatives) by the type of interest rate:

	<u>2016</u> US\$
<u>Financial assets:</u>	
Fixed Rate & Floating Rate	-
	-
	-
<u>Financial Liabilities:</u>	
Fixed Rate & Floating Rate	-
	-
	-

(d) Foreign Exchange risk

The Company has limited exposure to foreign currency risk as part of its normal business. The functional currency of the Company is in US Dollars. As such the Company's sales and purchase transacted in US Dollars are hedged naturally.

Analysis of amount denominated in non-functional currency:

	<u>Cash and</u> <u>Cash</u> <u>Equivalent</u> <u>US\$</u>	<u>Trade</u> <u>Receivables</u> <u>US\$</u>	<u>Amount due</u> <u>from Related</u> <u>Company</u> <u>US\$</u>	<u>Total</u> <u>US\$</u>

	<u>US\$</u>	<u>US\$</u>	<u>US\$</u>	<u>US\$</u>
Singapore Dollars	-	-	1,000	1,000
	-	-	1,000	1,000

Foreign currency sensitivity

The following table details the sensitivity to a 10% increase and decrease in the relevant foreign currencies against the functional currency of the Company. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at year end for a 10% change in foreign currency rates. The sensitivity analysis includes external loans as well as loans to foreign operations within the Company where they gave rise to an impact on the Company's profit or loss and/ or equity.

If the relevant foreign currency weakness by 10% against the functional currency of the Company, profit or loss and other equity will increase/ (decrease) by:

	<u>2016</u>	<u>2015</u>
<u>Financial assets:</u>	<u>US\$</u>	<u>US\$</u>
Profit/ (loss) - (net of tax @17%)	-	-
Other equity	-	-
	-	-
	<u>2016</u>	<u>2015</u>

Other equity	-	-
	<u>(83)</u>	<u>(83)</u>

(e) Liquidity risk

The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities.

The following table analyses financial liabilities by remaining contractual maturity (contractual and undiscounted cash flows):

	<u>Borrowings</u>	<u>Amount due to holding Company</u>	<u>Other Payables</u>	<u>Total</u>
	<u>US\$</u>	<u>US\$</u>	<u>US\$</u>	<u>US\$</u>
Maturity Less than 1 year	-	-	46,703	46,703
Maturity 2 to 5 years	-	-	-	-
	<u>-</u>	<u>-</u>	<u>46,703</u>	<u>46,703</u>
Variable interest rate	Nil	Nil	Nil	-

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

16. FINANCIAL INSTRUMENTS AND FAIR VALUES (CONTINUED)

Other financial assets and liabilities

The notional amounts of financial assets and liabilities with a maturity of less than one year including trade and other receivables, cash and cash equivalents, trade and other payables are assumed to approximate their fair value because of the short period to maturity. All the financial assets and liabilities are discounted to determine their fair value.

17. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

Estimates, assumptions and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical accounting estimates and assumptions

Impairment of loans and receivables

Management reviews its loans and receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant changes with adverse effect in the technological market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expenses. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics. The methodology and assumptions used for estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimating both the amount and timing of future cash flows are reviewed regularly to reduce any differences between the estimated loss and actual loss experience.

BALASORE METALS PTE. LTD.
(Incorporated in Singapore)

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2016**

17. CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS (CONT'D)

(a) Critical accounting estimates and assumptions (continued)

Impairment of loans and receivables (continued)

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have known significant risks of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are none, other than the above stated.

The Company makes critical judgements concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The critical judgements that have known significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are none.

(b) Critical judgments in applying the entity's accounting policies

The Company makes critical judgments concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The critical judgments that have known significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are none.

18. New or revised accounting standards and interpretations

The following are the new or amended Standards and Interpretations (issued up to 31st March 2016) that are not yet applicable, but may be early adopted for the current financial year.

Annual periods commencing on 1st April 2016

Amendments to FRS 32 – Offsetting Financial Assets and Financial Liabilities
FRS 27 (revised 2011) Separate Financial Statements
FRS 28 (revised 2011) Investments in Associates and Joint Ventures
FRS 110 Consolidated Financial Statements
FRS 111 Joint Arrangements
FRS 112 Disclosures of Interests in Other Entities

As at the statement of Financial Position, none of the above FRS will result in any changes to the Company's accounting policies and any material impact to the financial statements.

19. AUTHORISATION OF THE FINANCIAL STATEMENTS

The above financial statements for the financial year ended 31st March 2016 were authorized by the Board of Directors by a resolution passed on 15th September 2016.
